

# Spiritual Directors in Europe

August 2022

## NEXT ANNUAL MEETING 10-15 MAY 2023, TALLINN, ESTONIA!

**H**opefully, many of our members are finding that life is a little slower and gentler during these summer months. The EC decided that they would postpone their July meeting and come together later in August to prepare for their visit to Estonia. This will give them an opportunity to meet the Estonia Team and explore ideas and places in readiness for the Annual Meeting in 2023. Please pray for the EC and Estonia Team as they prepare for this meeting which will take place 5-8 September.

And, at a time when peace in our world is so fragile, please join with others in the SD-Europe family in Europe and around the world in praying for peace and healing.

### SHARING SUMMER REFLECTIONS

If you make a special visit or create a piece of artwork during the summer break, please share it with other members. You can do this through the website Forums or send it to the Secretary for the website or newsletter.

Someone who has already shared summer travels is Fabio Muniz. He has made visits to Florida and Chicago and bumped into SD-Europe friends there!

... and with Patrick Parham in Florida...
